About Jojo Ventures Limited:

Jojo Ventures Limited is a cutting-edge venture studio at the forefront of AI-powered media production. We're reshaping the media landscape by merging human creativity with artificial intelligence to create stunning 2D/3D illustrations, innovative storytelling, cutting-edge animations, and groundbreaking AI movies. Our mission is to push the boundaries of creative expression through AI-powered media production.

We are seeking **two** passionate and innovative **graduates** from the **BA/ BSc Creative Media** or **BAS New Media Programme** to join our dynamic team.

Job Description:

As a Creative Media Associate, you will be at the intersection of art, technology, and storytelling. You'll work alongside our team of visionaries, tech experts, and creatives to bring dreams to life using AI-powered tools and techniques.

Responsibilities:

- Collaborate on the creation of AI-generated content, including illustrations, animations, and video projects
- Assist in developing innovative storytelling techniques that leverage AI technologies
- Contribute to the conceptualization and execution of AI movies and immersive media experiences
- Stay updated on the latest AI developments and their potential applications in media production
- Participate in brainstorming sessions to generate creative ideas for projects
- Assist in the post-production process, including video editing and visual effects
- Contribute to the company's research and development efforts in AI-powered media creation

Qualifications:

- Bachelor's degree from the School of Creative Media from City University of Hong Kong
- Passionate about new technologies, video creation, and generative AI
- Quick learner with a keen interest in staying updated on AI developments
- Creative mindset with an eye for visual storytelling
- Strong communication and teamwork skills
- Proficiency in digital media software and tools

Preferred (but not required):

- Experience in video/animation production
- Experience in generative AI toolings (e.g. MidJourney, RunwayML, Suno, ComfyUI)
- Background in video editing (e.g. DaVinci Resolve, CapCut, Adobe Creative Suite)

What We Offer:

- Competitive salary and benefits package commensurate with experience and skills
- Opportunity to work at the cutting edge of AI-powered media creation
- Collaborative and innovative work environment
- Continuous learning and professional development opportunities
- Chance to contribute to groundbreaking projects that reshape the media landscape

If you're ready to step into the future of media and be part of a team that's redefining creative expression through AI, we want to hear from you. Join us in our mission to make the impossible possible through the power of AI and human creativity.

To apply, please submit your **resume**, **portfolio**, and a **brief statement** about why you're excited to work at the intersection of AI and creative media to **daniel@jojo.ventures**.
