About City University of Hong Kong

City University of Hong Kong (CityU) aspires to become a leading global university, excelling in research and professional education. To be at the cutting edge of tertiary education, CityU pursues high levels of excellence, promotes innovation and nurtures creativity for social and economic advancement.

CityU is one of the top universities in the world globally recognised for professional education and research, currently ranked the 19th in Asia and the 48th in the world (2021)*. With teaching staff from strong educational background and expertise, CityU offers an array of world-class teaching for various subject areas: business, creative media, humanities and social sciences, law, sciences, veterinary medicine and life sciences, data science, engineering, energy and environment.

Living up to its reputation of being innovative, CityU incorporates interactive technology in its teaching, allowing students to learn comprehensively through their courses. Breaking away from traditional classroom teaching, CityU uses IT-driven methodologies in teaching activities, which ensures an effective and engaging learning process for our students.

CityU has been providing excellent education to both local and international students, training young people who are prepared for their future endeavours, be they further studies or entry to the job market. CityU is working towards the vision of nurturing more talents for positive contribution to this world.

** According to Quacquarelli Symonds (QS) World University Rankings*

Message from Vice-President (Student Affairs)

To empower CityU students with global competence and cultural literacy, the Global Work Attachment Programme (GWAP) was launched in 2015 to provide valuable overseas job opportunities and serve as the bridge across cultures and continents for our students. Through job attachments in world-class international cities, participating students have benefitted from the fruitful experience by branching out to the global market and having their multicultural awareness enhanced.

GWAP has provided invaluable international work experience to around 400 students since its inauguration. In Summer 2019, 87 students have obtained global internship opportunities through GWAP, a 12% increase over the number of participating students in the previous year. Many of them have reaped uncountable rewards as they engaged in internships well-suited to their career interests and inclinations. As students taking on adventures far away from homes, they could step out of their comfort zones and fully immerse themselves in foreign cultures to establish solid knowledge in various professional fields with confidence and aspirations.

I am very glad that a total of 51 global internship partners, spread over 3 continents, have joined hands with GWAP in 2018/19. Without our internship partners, the programme would not have been as successful as it is now. On this note, I would like to convey my sincere gratitude to all our internship partners for offering job attachment opportunities to GWAP for 8 to 12 weeks and giving our students valuable learning opportunities, which are undoubtedly regarded as a once-in-a-lifetime experience for them.

After working in intercultural environments through GWAP, I hope our students have found themselves more mature and better prepared for upcoming life challenges. I am delighted to know that the programme has been part of their personal growth and fond memories.

To recap the exciting overseas experiences of our students, we have prepared this booklet to highlight special moments shared by our students when they explored foreign lands and learnt about different workplaces. While this booklet reminds our internship partners and student participants of the wonderful moments from GWAP in the past year, it also serves as an inspiration for our participants in the coming years of GWAP.

Let us take a trip down memory lane together – enjoy the sharing from our GWAP interns and host partners in this booklet!

Professor Horace Ip
Vice-President (Student Affairs)
City University of Hong Kong

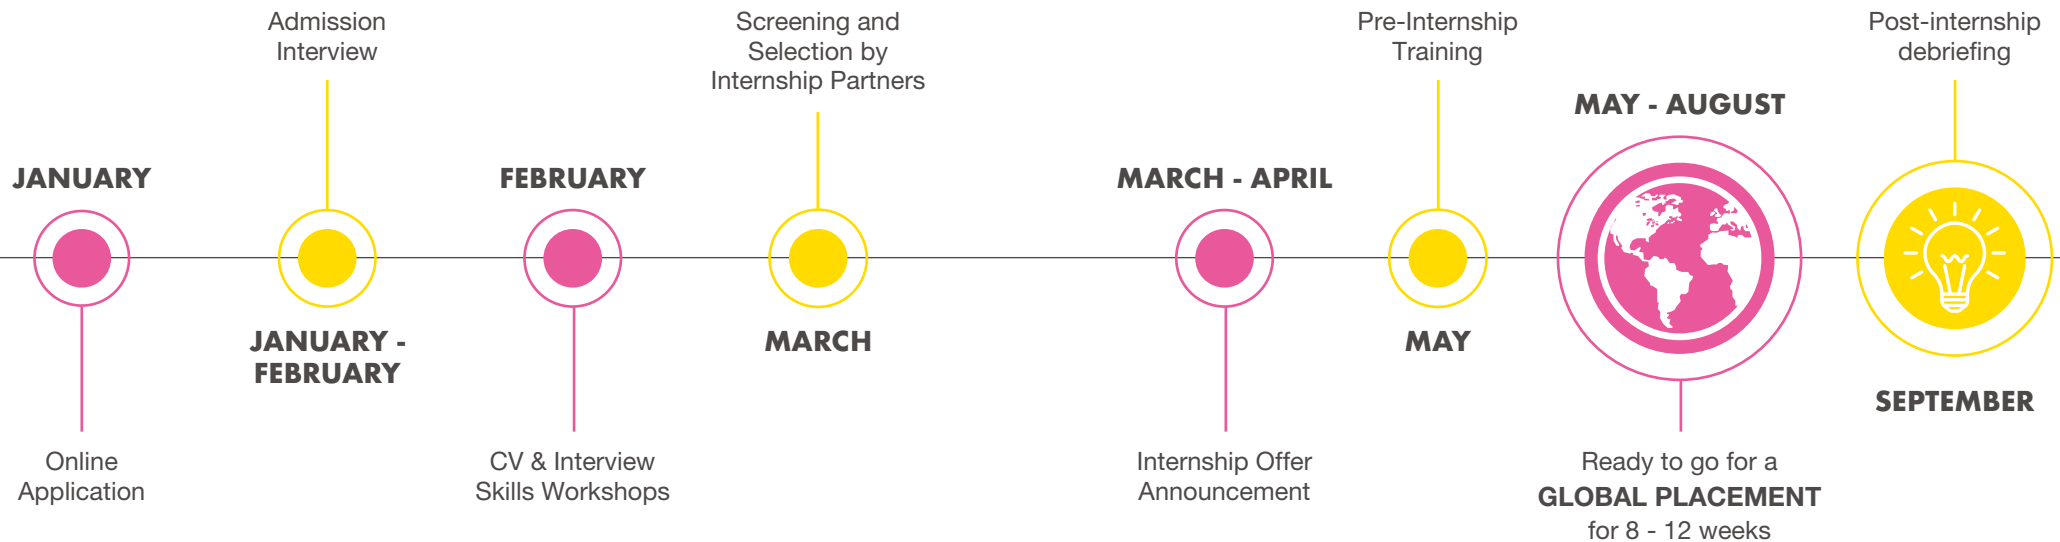

About Global Work Attachment Programme (GWAP)

GWAP selects students by their professional knowledge and readiness for work, with a preference for those who possess strong communication skills and distinctive personal qualities.

After initial screening by CLC and in-depth interviews by internship partners, students from different academic disciplines would be sent to various international cities including Berlin, Munich, Shanghai, Sydney and Taipei for placements of 8 - 12 weeks.

THE JOURNEY STARTS HERE!

Ma Wing Yat Horston,
Chinabrand IP Consulting GmbH

Amidst busy work and schedules, you can still chit-chat with your colleagues to balance work and socialising.

Lu Ronghuan Wings,
Aviareps Ag

Be brave and speak out when you would like to ask for guidance.

Lai Hiu Wai Venus,
Digital Education Holdings Ltd.

Chan Cheuk Nam Cheryl,
SomoS

When you present your ideas, your colleagues are always ready to offer suggestions for improvement.

Words from Employers

It was a real pleasure to work with William. I enjoyed it a lot. William not only performed the tasks given well, but completely understood the reasons behind. He was not a task-worker, but was on the same wave-length. He was able to grasp my strategy in the split second and made proposals and had ideas that fascinated me. For me personally, I enjoy working with people who understand the mechanics behind decisions, who understand the bigger picture and based on that make recommendations or share thoughts. William perfectly did this.

Lam Yu Hin William

Mr Kilger, Smokeless World

Working in the office involves many meetings. It is a chance for us to observe and know more about the company.

Leung Chin Sen Jason, Iao Chon Kit Roy & Hsiao Ya Hsin Cynthia, **Advanced Blockchain AG**

Parekh Mustafa, **Flightright**

Not only is office work about typing in front of a computer, you also get to join awesome events from time to time.

Working in a comfortable environment and surrounded by nice colleagues, what more is there to ask for!

Ng Cheuk Yu Daniel & Cao Chengyi Cocoon, **Copytrack GmbH**

Yau Cheuk Yiu Cherry, **Lingoda**

The team I worked with was full of friendly colleagues who always kept me in the loop on their work progress. I think I blended in really well!

Words from Employers

Ms Yip continuously delivered very strong results and valuable contribution throughout the internship period, in particular through professional research in Asian and Western sources, analysis of the search results and reporting, support in clients' projects, preparing marketing materials such as YouTube and LinkedIn videos and Webinars on IP topics.

Furthermore, Ms Yip demonstrated strong communication abilities with internal as well as external stakeholders. She understands the working culture in the international environment well and is confident in taking tasks that require responsibility and working independently.

Ms Vazhova, Chinabrand IP Consulting GmbH

YIP Yan Pui Grace

Before we give the green light for any business ideas, careful planning and drafting are very important.

Yang Zihong Yoyo, **Tandem**

Gifting farewell presents to my team members whom I have spent some memorable time with. Thank you for your love and support!

Luo Ziqing Ciel, **Bernstein Technologies GmbH**

Thanks to my company, I could be involved in blockchain-related innovations and interact with professionals in the industry.

Chan Yu Hin Kenneth, **Chinabrand IP Consulting GmbH**

Even though my colleagues were busy, they always spared time to listen to me.

Wang Lok Ping Joanna, **Aviareps Ag**

My supervisor is a great listener and a wonderful mentor at work.

Words from Employers

On the design side, Zheng Kexin Nay learned in an incredibly short time to adapt and re-implement an illustration style. Her work could be directly used into the final product without any changes. She worked extremely creative and professional. Nay's particular strength is that she bridges the gap between creative work and development. It was precisely this strength that she was able to demonstrate perfectly in her most recent task - the creation of a newsletter template for communication between the App, Website and User. From the first steps to the final code, she worked out all the steps on her own and ended up with a great result.

Mr Kilger, **Smokeless World**

Zheng Kexin Nay

Visit the Berlin Cathedral and take in the air of rich history. Time to admire the building and centuries of culture.

Cao Chengyi Cocoon, **Copytrack GmbH**

Join GWAP and embark on a journey full of excitement!

Chan Yu Hin Kenneth, **Chinabrand IP Consulting GmbH**

Yeung Hiu Ching Aurora, **Bella & Bona**

Mega-sized beer and pretzels! They are only some of the must-try food here.

Interested in knowing how sensors work? You can get your hands on building and using circuit boards under the supervision of your colleagues!

While it is important to design a great proposal for a marketing campaign, the execution also needs to be done well for the final fruition. As an intern, you can provide on-site support for your company and gain experience by interacting with people who visit your booth.

Kwok Yan Tung Mina,
SKY-RED Integrated Marketing & Communications Co., Ltd.

Working in a digital media company requires attractive photos that can catch people's eyes. Fortunately, I had a chance to receive training on photo-shooting for producing quality content.

Ma Yan Yan, *Asia Digital Media Co. Ltd.*

Zeng Zheng Christine, *PEGATRON Corporation*

Organisation skills are essential in the workplace environment. This especially helps when you are brainstorming and you get overwhelmed with creative ideas!

Ko Yin Ching Maggie, *Shung Ye Museum of Formosan Aborigines*

The company provided a lot of opportunities for us to get involved in the production of their media assets. In the digital era, learning more about video shooting is useful in almost any industries you will work in!

Lau Wing Lam Chloe, *Asia Digital Media Co. Ltd.*

A bonus about working in the museum is that you can meet lovely children and educate them about the history.

Wong Sze Yan Sicilia, *Global Views - Commonwealth Publishing Group*

Most of us have visited museums, but not many of us have gone behind the scenes! Being an intern of a museum has opened our eyes on how to manage the exhibits.

Ko Yin Ching Maggie, *Shung Ye Museum of Formosan Aborigines*

You can meet a lot of new people through the internship. Sometimes, you may have the honour to interview celebrities as well.

Wong Sze Yan Sicilia,
Global Views - Commonwealth Publishing Group

Being an intern can get involved in many kinds of work. Especially helping in workshops and events, it is where your crowd control knowledge can be applied!

Cheung Tsz Yan Heize,

Become one with the nature in Taipei's one-of-a-kind Geopark. Choose a nice hiking trail for the weekends and have a mini escape from the busy city!

Chan Hoi Man Tiffany,
Shung Ye Museum of Formosan Aborigines

We need exhibits for a museum's display, but it is the visitors who make the efforts meaningful! Hence, it is important to train our volunteers to bring the best experience to our visitors.

Cheung Yan Tung Ingrid, SHOWOW

Nearly everyone is on social media now. How can businesses use it for their advantages? You can learn all about it in a real working environment.

Chan Wing In Katie, PEGATRON Corporation

To give your best work, sit down, brainstorm and get prepared to present your ideas.

Chan Lok Ching Natalie, Lien Chang Electronics Enterprise Co. Ltd.

Isn't it a waste if you don't travel to nearby tourist attractions? Explore Yinan for special infrastructures and artsy villages!

Ma Yan Yan, Asia Digital Media Co. Ltd.

Lau Wing Lam Chloe, Asia Digital Media Co. Ltd.

Zeng Zheng Christine, PEGATRON Corporation

There is always something going on in Taipei. If you are an art enthusiastic, look out for some cool exhibitions in your neighbourhood!
