

Data Empowerment: Learn, Transform and Achieve (DELTA)

JS1070/1070

The Programme

Ignite Your Future in Data Science and AI!

Embark on a transformative journey into the dynamic realms of Data Science, AI, and cutting-edge technologies with the DELTA Flagship programme at the College of Computing, CityUHK.

DELTA, the Flagship programme “Data Empowerment: Learn, Transform, and Achieve”, stands as a pioneering initiative in data science, computer science, and AI education at CityUHK. Designed to offer outstanding students a comprehensive education in these fields, DELTA provides unparalleled opportunities for international exposure and practical experience. Engage in overseas exchanges and elite work placements at renowned universities and leading companies worldwide, unlocking a world of endless possibilities.
