

## Part-Time Unity / Game Developer Intern

### **Job Description:**

We are seeking passionate and creative Part-Time Unity Developers to join our dynamic team. This position is open to individuals of any experience level, from university students/ fresh graduates to seasoned professionals. As a candidate, we understand that you might not have extensive experience; rather, we are looking for individuals with a strong interest in game development and a willingness to grow and contribute to exciting projects. University students are highly encouraged to apply, as we welcome the opportunity to help nurture and develop their talents in the world of game development.

### **Key Responsibilities:**

- Assist in the development and implementation of game features using Unity3D.
- Collaborate with the team to brainstorm and create innovative gameplay mechanics.
- Support in debugging, testing, and optimizing game code.
- Learn and adapt to new technologies and tools within the game development process, eager to immerse themselves in the world of game development.
- Contribute ideas and feedback during team meetings and project discussions.

### **Qualifications:**

- Basic knowledge of C# programming language.
- Familiarity with Unity3D or willingness to learn.
- Strong problem-solving skills and a keen attention to detail.
- Ability to work collaboratively in a team environment.
- Passion for gaming and the eagerness to learn.

### **Additional Information:**

- This is a part-time position that welcomes applicants of all experience levels.
- Flexible working hours to accommodate individual schedules and commitments.
- Opportunity for mentorship and professional growth within a supportive team environment.
- Competitive compensation packages that will be tailored to the selected candidate's experience and qualifications.

If you are enthusiastic about game development, whether you are a fresh graduate or an experienced professional, we encourage you to apply for this exciting opportunity. University students are particularly welcome to apply and learn alongside our team. Join us on this journey of creativity, innovation, and fun as we bring captivating game experiences to life!

## Part-Time Software Developer Intern

### **Job Description:**

We are seeking enthusiastic and motivated individuals of any experience level, from university students/fresh graduates to seasoned professionals, interested in kickstarting or advancing their career in software development. University students are highly encouraged to apply. This part-time position offers a valuable opportunity to learn and actively contribute to projects involving frontend development using React Native and backend development with frameworks like Node.js, Express, Golang, and more. This role is perfect for those eager to gain hands-on experience in a dynamic and collaborative environment, regardless of their previous experience.

### **Key Responsibilities:**

1. Collaborate with the development team to design, develop, and implement software solutions.
2. Assist in frontend development tasks using React Native to create engaging user interfaces.
3. Contribute to backend development efforts utilizing frameworks such as Node.js, Express, Golang, etc.
4. Engage in code reviews, testing, and debugging to ensure high-quality software delivery.
5. Participate in team meetings, provide insights, and learn from experienced developers.
6. Stay updated on industry trends and technologies to enhance skillset and knowledge, eager to immerse themselves in the world of software development.

### **Qualifications:**

- Basic understanding of programming concepts and software development principles, whether from academic or personal experience.
- Familiarity with frontend technologies like React Native is a plus.
- Interest in learning backend development using frameworks such as Node.js, Express, Golang, etc.
- Strong problem-solving skills and a passion for software development.
- Excellent communication skills and ability to work effectively in a team environment.
- Availability to work part-time hours that can accommodate other commitments.

### **Benefits:**

- Hands-on experience in a real-world software development environment.
- Mentorship from experienced developers and opportunities for skill development.
- Flexible working hours to accommodate individual schedules.
- Networking opportunities within the tech industry.
- Competitive compensation packages that will be tailored to the selected candidate's experience and qualifications.

If you are eager to dive into the world of software development and gain practical experience in frontend and backend technologies, we encourage you to apply for this exciting part-time opportunity. Join our team and embark on a rewarding journey of learning, growth, and innovation in the software development field.
