Part II Course Details

1. Abstract

The course identifies and describes the nature and process of second language acquisition (SLA). Students will apply the findings of SLA research in their teaching of English as a second language (TESL), and relate SLA knowledge to TESL practice, with the ultimate aim to generate effective curricular materials and teaching strategies, particularly in Asian contexts such as Hong Kong and the rest of China.

2. Course Intended Learning Outcomes (CILOs)

(CILOs state what the student is expected to be able to do at the end of the course according to a given standard of performance.)

Upon successful completion of this course, students should be able to:

No.	CILOs	Weighting (if applicable)	Discovery-enriched curriculum related learning outcomes (please tick where appropriate)		
			A1	A2	A3
1.	understand the theories proposed to account for (first and) second language acquisition;		√	√	√
2.	understand and evaluate the impact of individual differences on the process of second language acquisition;		√	√	√
3.	analyze the development of learner language;		√	√	√
4.	analyze and evaluate the dynamics of teaching and learning a second language in a classroom and apply this to teaching methods;		√	√	√
5.	analyze and evaluate the effects of instruction on second language acquisition;		√	√	√

A1: Attitude

Develop an attitude of discovery/innovation/creativity, as demonstrated by students possessing a strong sense of curiosity, asking questions actively, challenging assumptions or engaging in inquiry together with teachers.

A2: Ability

Develop the ability/skill needed to discover/innovate/create, as demonstrated by students possessing critical thinking skills to assess ideas, acquiring research skills, synthesizing knowledge across disciplines or applying academic knowledge to self-life problems.

A3: Accomplishments

Demonstrate accomplishment of discovery/innovation/creativity through producing /constructing creative works/new artefacts, effective solutions to real-life problems or new processes.

3. Teaching and Learning Activities (TLAs)

(TLAs designed to facilitate students' achievement of the CILOs.)

TLA	Brief Description	CILO No.						Hours/week (if applicable)
		1	2	3	4	5	6	
1	<p>Reading the text book and additional readings</p> <p>The course book and additional readings contain information related to all the topics dealt with on the course. A set of questions will be provided for every reading. Students should complete the reading assignment for the week before coming to class.</p>	√	√	√	√	√	√	
2	<p>Lectures</p> <p>There will be one three-hour lecture every week. In the lectures, concepts introduced in the reading materials will be discussed.</p>	√	√	√	√	√	√	
3	<p>In-class tasks and activities</p> <p>Problem-based tasks will be carried out in class which draw from content covered in the readings. These will involve the analysis of second language data. Students will also synthesize material from the readings and topics, and consider applications to language teaching, particularly in Hong Kong and the rest of China.</p>	√	√	√	√	√	√	

4. Assessment Tasks/Activities (ATs)

(ATs are designed to assess how well the students achieve the CILOs.)

Assessment Tasks/Activities	CILO No.						Weighting	Remarks
	1	2	3	4	5	6		
Continuous Assessment: <u>100</u> %								
Individual Oral Presentation: Students give an individual presentation of about 8-10 minutes on ONE topic related to SLA	√	√	√	√	√	√	40%	Individual work
Individual Written Assignment: Students write an individual essay of about 2000 words on ONE topic related to SLA	√	√	√	√	√	√	60%	Individual work
Examination: <u>0</u> % (duration: _____, if applicable)							100%	

5. Assessment Rubrics

(Grading of student achievements is based on student performance in assessment tasks/activities with the following rubrics.)

Assessment Task	Criterion	Excellent (A+, A, A-)	Good (B+, B, B-)	Fair (C+, C, C-)	Marginal (D)	Failure (F)
