#### Part II Course Details

#### 1. Abstract

This course aims to enable students to (1) understand the nature and basic concepts of human development, and (2) analyze the characteristics and needs at different stages through the life span.

#### 2. Course Intended Learning Outcomes (CILOs)

(CILOs state what the student is expected to be able to do at the end of the course according to a given standard of performance.)

| No. | CILOs  | Weighting   | Discov   | ery-eni  | riched |
|-----|--|-------------|----------|----------|--------|
|     |  | (if         |          | ılum rel |        |
|     |  | applicable) |          | g outco  |        |
|     |  |             | (please  | tick     | where  |
|     |  |             | approp   | riate)   |        |
|     |  |             | A1       | A2       | A3     |
| 1.  | Describe milestones and characteristics during the       | 40%         | ✓        | ✓        |        |
|     | courses of development throughout the life span and      |             |          |          |        |
|     | their implications for development and                   |             |          |          |        |
|     | intergenerational issues.                                |             |          |          |        |
| 2.  | Explain behaviours and phenomenon during the             | 20%         | ✓        | ✓        |        |

|     | variations in human development.                         |             |          |          |        |
|     |  | 100%        |          |          |        |

#### A1: Attitude

Develop an attitude of discovery/innovation/creativity, as demonstrated by students possessing a strong sense of curiosity, asking questions actively, challenging assumptions or engaging in inquiry together with teachers.

#### A2: Ability

Develop the ability/skill needed to discover/innovate/create, as demonstrated by students possessing critical thinking skills to assess ideas, acquiring research skills, synthesizing knowledge across disciplines or applying academic knowledge to self-life problems.

#### A3: Accomplishments

Demonstrate accomplishment of discovery/innovation/creativity through producing /constructing creative works/new artefacts, effective solutions to real-life problems or new processes.

### 3. Teaching and Learning Activities (TLAs)

(TLAs designed to facilitate students' achievement of the CILOs.)

| TLA | Brief Description       | CILO No. |   |   |   | Hours/week<br>(if<br>applicable) |
|-----|-------------------------|----------|---|---|---|----------------------------------|
|     |                         | 1        | 2 | 3 | 4 |                                  |
| 1.  | <u>Lecture</u> :        | V        | V | V | V |                                  |
|     | Introducing theoretical |          |   |   |   |                                  |
|     | perspectives to the     |          |   |   |   |                                  |
|     | understanding of human  |          |   |   |   |                                  |

|    | development across the life  |   |   |   |   |  |
|----|--|---|---|---|---|--|
|    | span.  |   |   |   |   |  |
| 2. | Group discussions/observations: Students will critically analyse different developmental issues.                 | V | V | V | V |  |
| 3. | Case Study: Students will use cases to illustrate events and issues concerning development across the life span. | V | V | V | V |  |

**4.** Assessment Tasks/Activities (ATs)
(ATs are designed to assess how well the students achieve the CILOs.)

| Assessment                         |                 | CILO        |           | Weighting | Remarks |            |
|------------------------------------|-----------------|-------------|-----------|-----------|---------|------------|
| Tasks/Activities                   | 1               | 2           | 3         | 4         |         |            |
| Continuous Assessmen               | t: <u>100</u> % |             |           |           |         |            |
| AT1: Quiz                          | $\sqrt{}$       | $\sqrt{}$   | $\sqrt{}$ | √         | 40%     | Individual |
| AT2: Group Project<br>Presentation | V               | V           | V         | √         | 30%     | Group      |
| AT3: Individual<br>Report          | V               | V           | $\sqrt{}$ | V         | 30%     | Individual |
| Examination:% (c                   | luration:       | , if applic | able)     | •         |         |            |

100%

#### 5. Assessment Rubrics

(Grading of student achievements is based on student performance in assessment tasks/activities with the following rubrics.)

| Assessment Task                        | Criterion | Excellent  | Good   | Fair  | Marginal  | Failure   |
|--|-----------|--|--|---|---|---|
|  |           | (A+, A, A-)  | (B+, B, B-)  | (C+, C, C-)   | (D)   | (F)   |
| 1. Quiz (40%)                          |           | Superior grasp of<br>theories and<br>concepts about<br>human development                   | Good grasp of<br>theories and<br>concepts about<br>human development               | Evidence of proper<br>understanding about<br>theories and<br>concepts in<br>human development | Sufficient familiarity with major theories and concepts in human development to enable the student to progress without repeating the course | Little familiarity<br>with major theories<br>and concepts in<br>human development |
| 2. Group Project<br>Presentation (30%) |           | Evidence of<br>extensive<br>knowledge base and<br>innovative ideas of<br>human development | Evidence of good<br>knowledge base and<br>innovative ideas of<br>human development | Evidence of some<br>knowledge and<br>innovative ideas of<br>human development                 | Sufficient<br>knowledge of<br>human development<br>to enable the<br>student to progress<br>without repeating<br>the course                  | Little knowledge of<br>human development  |
| 3. Individual Report (30%)             |           | Evidence of<br>extensive<br>knowledge base and<br>innovative ideas of<br>human development | Evidence of good<br>knowledge base and<br>innovative ideas of<br>human development | Evidence of some<br>knowledge and<br>innovative ideas of<br>human development                 | Sufficient knowledge of human development to enable the student to progress without repeating the course                                    | Little knowledge of<br>human development  |

# Part III Other Information (more details can be provided separately in the teaching plan)

## 1. Keyword Syllabus

Human Development; Infancy and Toddlerhood; Childhood; Adolescence; Adulthood.
