Part II Course Details

1. Abstract

This course examines the law and regulation of companies and other business organisations: the formation, management and operation of companies, corporate governance, the constitutional framework of corporate bodies, the relationship between the internal stakeholders of the company, as well as their relationship with external parties. The course will analyse the theoretical underpinning of the legal rules and principles of corporate law, as well as the policy drivers behind the shaping of corporate law.

2. Course Intended Learning Outcomes (CILOs)

(CILOs state what the student is expected to be able to do at the end of the course according to a given standard of performance.)

No.	CILOs	Weigh	Alignme	DEC related		
		ting	nt with	learr	ning	
			PILOs	outcomes		
				<i>A1</i>	A2	<i>A3</i>
1.	Describe and explain the basic principles of the law	20%	1	\checkmark		
	relating to companies.					
2.	Apply the principles of company law to solve legal	30%	2, 3, 4, 5	✓	✓	
	problems by:					
	analysing cases					
	• interpreting statutes					
	 conducting independent research on the law and 					
	relevant legal issues					
	• marshalling arguments clearly, logically, coherently					
	and effectively, both orally and in writing.					
3.	Research, analyse and critically evaluate:	50%	2, 3, 4, 5	✓	✓	√
	• legal principles and doctrines in company law in light					
	of both doctrinal coherence and in relation to the					
	policy objectives of the law					
	• the implications of company law in facilitating or					
	limiting the achievement of a business's commercial					
	or other goals and in balancing the competing					
	interests of the investors, creditors, managers,					
	employees and the public.

Grading of Student Achievement: Standard (A+ A A- ... F)

Applicable to students admitted in Semester A 2022/23 and thereafter

To pass this course students must obtain an aggregate mark of 50% and a minimum of 50% in each of the coursework and the examination elements of the assessment. Coursework for this purpose means those ways in which students are assessed otherwise than by the end of session examination.

Applicable to students admitted before Semester A 2022/23

To pass this course students must obtain an aggregate mark of 40% and a minimum of 40% in each of the coursework and the examination elements of the assessment. Coursework for this purpose means those ways in which students are assessed otherwise than by the end of session examination.

The portion of the overall mark allocated to performance/participation in inter-active in class activities will be assessed on the quality of the participation. Assessment criteria for those activities, their nature and their timing will be set out in the study guide/course manual and will be further expanded upon by the course leader.

The duration of the examination is 2 to 3 hours.

To enable the full benefit to be obtained from this course, students should attend all of the classes, read analytically the assigned material, and participate actively in tutorials.
