Part II   Course Details

1.   **Abstract**
    (A 150-word description about the course)

This course aims to enable students to demonstrate their ability to develop, plan and execute psychological research. It is designed to foster independent thinking and to encourage academic debate on significant issues and principles of psychological research via group supervision. Students will work in groups of 3-4 students to work on a topic of their choice (the exact number of students per group will be decided by the course leader upon knowing the actual enrolment for this course).

2.   **Course Intended Learning Outcomes (CILOs)**
    (CILOs state what the student is expected to be able to do at the end of the course according to a given standard of performance.)

No.	CILOs	Weighting (if applicable)	Discovery-enriched curriculum related learning outcomes (please tick where appropriate)		
			A1	*A2*	*A3*
1.	design and carry out psychological research under supervision;	20%	✓	✓	✓
