MULTICULTURALISM & PUBLIC GOVERNANCE EXISTING FAULT LINES AND EMERGING CHALLENGES

ROOM G-7603 (22 AUG) & P4302 (23 AUG)
YEUNG KIN MAN ACADEMIC BUILDING
CITY UNIVERSITY OF HONG KONG

We live in challenging times, with growing divisions and fragility, increasing ethnic and religious schisms, identity politics, hostilities and violence that threaten human well-being and social security. From both academic and policy perspectives, this workshop brings together distinguished and young upcoming scholars to present conceptual, empirical and policy-oriented papers dealing with the causes and dynamics of ethnic and religious relations and conflicts, addressing existing fault lines and emerging challenges faced by states and societies from a comparative cross-cultural perspective, and in the process, propose innovative and effective approaches, strategies and policies that states and community-based organizations can utilize to enhance inclusivity, stability and social and religious harmony for an increasingly polarized world.

Keynote Speaker:

Jacques Bertrand is Professor of Political Science at the University of Toronto, as well as Director of the Collaborative Master's Specialization in Contemporary East and Southeast Asian Studies (Asian Institute, Munk School of Global Affairs and Public Affairs). He is the co-founder of the Post-conflict Reintegration (Postcor) Lab. His current research focuses on non-state armed group transitions after civil war, mostly in Southeast Asia.
