

Curriculum (Cohort 2024 Onwards)

Students are required to complete **12 credit units of core courses** (6 credit units of Programme Core Courses and 6 credit units of Stream Core Courses), and **18 credit units of elective courses**.

Students can declare concentration for one of the streams:

- **Energy Stream (ENE)**
- **Environment Stream (ENV)**
- **Not to declare for any concentration**

Stream Declaration Arrangement

- Students are flexible in choosing courses with or without the declaration of a stream:
Energy Stream (ENE) / Environment Stream (ENV) / Not to declare for any concentration
- **Full-time students** will be required to submit stream declaration by the **end of the first Semester (Semester A)**. **Part-time students** no later than the **end of the second Semester (Semester B)**.
- Change of stream declaration is allowed later on given that the students could fulfill the stream requirements upon graduation.
- Summary of course requirements for obtaining the award of *Master of Science in Energy and Environment* with or without the declaration of a stream. *(Please refer to the next page)*

Stream Declaration Arrangement

	Core to be taken	Electives to be taken
Energy Stream (ENE)	Programme Core (6 credits) + Energy Stream Core (6 credits)	Two Energy Stream Electives (6 credits) + 12 credits of any Electives Courses <i>(not more than 6 credits from other stream)</i>
Environment Stream (ENV)	Programme Core (6 credits) + Environment Stream Core (6 credits)	Two Environment Stream Electives (6 credits) + 12 credits of any Electives Courses <i>(not more than 6 credits from other stream)</i>
Not to declare for any concentration	Programme Core (6 credits) + any Stream Core (6 credits)	18 credits of any Electives Courses (Stream/ General)
