

FAQ

For Non-local student in Cohort 2023

1. Can I choose/ apply for Ma On Shan (MOS) Compound?

Answer: NO. All non-local students in their 2nd study year in 2024/25 are required to submit application before deadline and they will be assigned to Kowloon Tong Compound.

2. Can I choose another Hall in Kowloon Tong Compound for my 2nd year of study?

Answer: Yes. Successful applicants can indicate your preference of hall after settling the confirmation fee. Applicants' preferences will be considered as far as possible. However, there is no guarantee that you will be assigned to a particular hall, unit, room type, or with a specific roommate. Final room assignments will be subject to room availability and hall admission policies.

3. I am a Non-local student enrolled in Cohort 2022 and I only resided in Student Residence in the residential year 2022/23. Will I be eligible for the 2nd priority year in the residential year 2024/25?

Answer: Higher priority will only be granted to Non-local students in the first two years of study, and the priority given cannot be transferred to subsequent years of study (i.e. 3rd year of study or thereafter). Hence, you should submit hall application via returning scheme of the hall that you have previously stayed.

4. I am a Non-local student enrolled in Cohort 2023 with higher priority, do I need to submit the hall application for 2024/25?

Answer: Yes. Hall application is on a yearly basis. You are required to submit the hall application by the deadline. Otherwise, late applications will not be entertained and NO bedplace will be reserved even if you have a higher priority in the first two years of study.
