### Part II **Course Details**

### 1. Abstract

The aim of the course is to broaden students' perspective and strengthen students' business training by providing opportunities for them to reflect on a variety of international issues - economic, political, legal, technological and social. Students will be encouraged to analyse and discuss a range of real-world topics and concerns. This course also enables students to share their experience and the new knowledge with others in the global exploration project. At the end of the semester, students should be better informed about current global business issues as well as able to engage in meaningful debate about business ethics that touch their lives.
