Part II Course Details**Abstract**

This course is designed to analyze theories and practice in an innovative advertising production design under the Chinese and international contexts. Students will discover the design process of advertising and the critical principles of design. They will also detect ways through which different creative ideas can be produced using print or TV production techniques. They will analyse factors affecting effective print layout and typography, and diagnose various types of filming techniques and conditions of usage.

Course Intended Learning Outcomes (CILOs)

CILOs		Weighting (if app.)	DEC-A1	DEC-A2	DEC-A3
1	Discover the design process of advertising and the critical principles of design		x		
2	Analyse ways through which different creative ideas can be produced using print or TV production techniques		x	x	
3	Analyze factors affecting effective print layout and typography		x	x	
4	Generate various types of filming techniques and conditions of usage		x	x	x
5	Create innovative television commercials that are up to professional standards		x	x	x

A1: Attitude
