MGT4306: PERFORMANCE AND COMPENSATION MANAGEMENT

Effective Term

Semester B 2022/23

Part I Course Overview

Course Title

Performance and Compensation Management

Subject Code

MGT - Management

Course Number

4306

Academic Unit

Management (MGT)

College/School

College of Business (CB)

Course Duration

One Semester

Credit Units

3

Level

B1, B2, B3, B4 - Bachelor's Degree

Medium of Instruction

English

Medium of Assessment

English

Prerequisites

FB2300 or CB2300 Management AND MGT3306 Organizational Behavior & Human Resources Management

Precursors

Nil

Equivalent Courses

Exclusive Courses

MGT4224 Performance Management

Part II Course Details

Abstract

- · Provide students with knowledge of the key concepts of performance management and compensation, including employee benefits in business organizations.
- · Enable students to apply relevant conceptual frameworks for solving performance management problems, and planning, conducting and reporting on group projects with a view to formulate discovery-based improvement plans for performance management.
- · Develop in students practical skills required of a human resource management professional in performance management and employee compensation.

Course Intended Learning Outcomes (CILOs)

	CILOs	Weighting (if app.)	DEC-A1	DEC-A2	DEC-A3
1	Applying strategic perspectives on performance management and employee compensation in business organizations.	20		X	
2	Demonstrating competence in various areas of performance management and employee compensation such as carrying out basic job evaluations, choosing appropriate appraisal techniques and formats, making use of wage and salary survey; and designing and evaluating a compensation plan.	20		X	
3	Illustrating the planning process of employee appraisals with emphasis on diagnosing performance problems and identifying appropriate strategies and solutions.	15		x	
4	Demonstrating knowledge of a variety of pay systems including job and performance based pay; knowledge and skill based pay; team based pay and executive pay.	15		x	
5	Conducting structured role-plays exemplifying skills in giving and receiving feedback, appraising, coaching and resolving conflicts for performance management.	10		x	x
6	Conducting group projects to inquire into performance management systems in selected business organizations and proposing discovery-based performance improvement plans.	20	x	x	x

A1: Attitude

Develop an attitude of discovery/innovation/creativity, as demonstrated by students possessing a strong sense of curiosity, asking questions actively, challenging assumptions or engaging in inquiry together with teachers.

A2: Ability

Develop the ability/skill needed to discover/innovate/create, as demonstrated by students possessing critical thinking skills to assess ideas, acquiring research skills, synthesizing knowledge across disciplines or applying academic knowledge to real-life problems.

A3: Accomplishments

Demonstrate accomplishment of discovery/innovation/creativity through producing /constructing creative works/new artefacts, effective solutions to real-life problems or new processes.

Teaching and Learning Activities (TLAs)

	TLAs	Brief Description	CILO No.	Hours/week (if applicable)
1	Seminar	This will involve conceptual inputs on performance management and Q & A.	1, 2, 3, 4	
2	Cases and problem based exercisesz`	These activities will focus on application of specific concepts and techniques relevant to performance management.	1, 2, 3, 4	
3	Self-assessment inventories and skill practice	These activities will involve diagnosis and identification of performance management skills and their planned development through practice.	5	
4	Group project	The project will focus on an inquiry based assessment of current performance management system by interviewing HRM professionals in a selected organization and make discovery-based recommendations for improvements.	6	

Assessment Tasks / Activities (ATs)

	ATs	CILO No.	Weighting (%)	Remarks (e.g. Parameter for GenAI use)
1	Group project	6	35	
2	Quizzes and Mid-term test	1, 2, 3, 4	15	
3	In-Class discussion	1, 2, 3, 4	10

Assessment Rubrics (AR)

4 MGT4306: Performance and Compensation Management

Assessment Task

1. Group Project

Criterion

Company background (10%)

Excellent (A+, A, A-)

Very strong evidence of using secondary data to introduce the company. The introduction has very good information value.

Good (B+, B, B-)

Strong evidence of using secondary data to introduce the company. The introduction has good information value.

Fair (C+, C, C-)

Some evidence of using secondary data to introduce the company but the introduction is limited in information value.

Marginal (D)

Weak evidence of using secondary data to introduce the company. The introduction has poor information value.

Failure (F)

Very weak evidence of using secondary data to introduce the company. The introduction has very poor information value.

Assessment Task

1. Group Project

Criterion

Analysis and discussion (50%)

Excellent (A+, A, A-)

As in B, but with higher degree of discovery and originality, and evidence of internalization into a personalized model of practice.

Good (B+, B, B-)

The evidence presents a good appreciation of the general thrust of the project. Good coverage of issues with relevant support. A clear view of how various aspects of the project integrate to form a whole. Good evidence of discovery and application of concepts to practice.

Fair (C+, C, C-)

The evidence is relevant and covers a fair number of issues. However, there is little evidence of an overall view of the project. Demonstrates declarative understanding of a reasonable number of issues. Able to discuss issues meaningfully but with little discovery and integration.

Marginal (D)

Pieces of evidence are relevant, but are isolated, addressing a limited number of issues. Demonstrating understanding of issues in a minimally acceptable way. Poor coverage, no discovery.

Failure (F)

Pieces of evidence are irrelevant and isolated, addressing a limited number of issues. Fails to demonstrate understanding of issues in a minimally acceptable way. Very poor coverage, no discovery.

Assessment Task

1. Group Project

Criterion

Recommendations and justifications (30%)

Good (B+, B, B-)

Strong justification of recommendations based on discovery and practice.

Fair (C+, C, C-)

Fair justification of recommendations based on little discovery and practice.

Marginal (D)

Weak justification of recommendations based on discovery and practice.

Failure (F)

Very weak justification of recommendations based on discovery and practice.

Assessment Task

1. Group Project

Criterion

Search skills and writing format (10%)

Excellent (A+, A, A-)

Very strong justification of recommendations based on discovery and practice.

Good (B+, B, B-)

Comprehensive, showing care in researching the issue, correct formatting.

Fair (C+, C, C-)

Evidence of some search skills; standard references in mostly correct formatting.

Marginal (D)

Little evidence of library skills, incorrect formatting.

Failure (F)

No evidence of library skills, incorrect formatting.

Assessment Task

2. Quizzes and Mid-term test

Criterion

Proficiency in understanding key concepts in the course

Excellent (A+, A, A-)

The analysis very clearly identifies problems. Excellent use of course content relevant to problem identification. Recognizes arguments and uses reasonable judgement. A holistic view of how various problems differ and relate to one another. Views information critically, synthesizes evidence and prioritizes problems. Solutions or recommendations very well justified.

Good (B+, B, B-)

The analysis clearly identifies problems. Good use of course content relevant to problem identification. Recognizes arguments. There is some discussion of differences and relationships between problems. Evaluates evidence and prioritizes problems. Solutions or recommendations well justified.

Fair (C+, C, C-)

Rudimentary problem identification with some relevant evidence. Some use of course content relevant to problem identification. Sees some arguments, identifies some differences and relationships between problems. Fair justification of solutions or recommendations.

Marginal (D)

The analysis does not clearly identify problems. Or, problems mentioned are partially based on the facts in the case/scenario. Poor use of course content that might be relevant to problem identification. Sees some arguments but overlooks differences and relationships between problems. Weak justification of solutions or recommendations.

Failure (F)

The analysis does not identify any problems. Or, problems mentioned are not based on the facts in the case/ scenario. Very poor use of course content that might be relevant to problem identification. Sees no arguments, overlooks differences and relationships between problems, and fails to propose justifiable solutions or recommendations.

Assessment Task

3. In-Class Discussion

Criterion

Preparation for the class; punctuality; class attendance; participation in group discussions, answering questions, and offering ideas.

Excellent (A+, A, A-)

Student is almost always prepared for class with relevant class materials. Students is almost always punctual and attends fulltime. Student contributes to class a lot by participating in group discussions, answering questions, and offering ideas. Contribution is meaningful and inspiring.

Good (B+, B, B-)

Student is frequently prepared for class with relevant class materials. Student is frequently punctual and attends full-time. Students frequently contributes to class by participating in group discussions, answering questions, and offering ideas.

Fair (C+, C, C-)

Student is sometimes prepared for class with relevant class materials. Student is sometimes late to class and leaves early. Student occasionally contributes to class by participating in group discussions, answering questions, and offering ideas.

Marginal (D)

Student is almost never prepared for class with relevant class materials. Student is almost always late to class and leaves early. Student almost never contributes to class by participating in group discussions, answering questions, and offering ideas.

Failure (F)

Not attending 70% or above of classes and lack of participation in class.

Assessment Task

4. Final Examination

Criterion

Ability to understand, analyze, and apply key concepts learnt in the course

Excellent (A+, A, A-)

Strong evidence of original thinking; good organization, capacity to analyze and synthesize; superior grasp of subject matter; evidence of extensive knowledge base.

Good (B+, B, B-)

Evidence of grasp of subject, some evidence of critical capacity and analytical ability; reasonable understanding of issues; evidence of familiarity with the subject matter.

Fair (C+, C, C-)

Student who is profiting from the university experience; understanding of the subject; ability to develop solutions to simple problems in the material.

Marginal (D)

Sufficient familiarity with the subject matter to enable the student to progress.

Failure (F)

Little evidence of familiarity with the subject matter; weakness in critical and analytical skills; limited or irrelevant use of literature.

Part III Other Information

Keyword Syllabus

Strategic perspectives on performance management and compensation; organizational culture; appraisal formats and planning appraisals for performance improvement; identifying and developing skills in giving and receiving feedback, appraising, coaching, and resolving conflicts for performance management; designing pay and incentive systems; employee benefits; alternative pay systems including team-based performance management systems; termination of employees.

Reading List

Compulsory Readings

	Title
1	The course does not follow any particular textbook because no single textbook does full justice to the syllabus. The students are therefore provided with a list of required readings in the class.

Additional Readings
